Fountain Square Plaza and Garage Improvements

Fountain Square is the heart of Cincinnati and its health is critical to the success of the City. Retail, restaurants, and an inviting and attractive open space are all important to an increased public use of downtown. Recently, Fountain Square underwent a renovation process that included remodeling the plaza and improvements to the parking garage.

On October 14, 2006 the Tyler Davidson Fountain returned downtown and reconnected with the city at an official opening ceremony. While the plaza and garage are now open to the public you may find construction still underway. In the spring of 2007, a new Restaurant will open on the square with pavilion seating next to the Tyler Davidson Fountain. Additionally, a Children's Waterwall with an inscribed poem will be dedicated to Cincinnati this summer. Browse the links to the right to review completed and upcoming features.

Click on myfountainsquare.com for the most current information including plaza use, parking rates and schedules.
